JUST LANDED

Introducing our latest additions to the collection

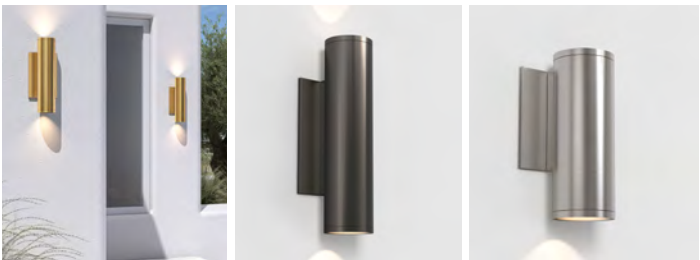

We are delighted to announce a series of new products and finish additions across our coastal and interior collections, designed to expand specification opportunities, and bring even greater flexibility to your projects.

Coastal concrete collection

Expanding our Coastal collection, selected families are now available in a palette of coloured concrete finishes. Mast Light, Mast Twin, Kos Round and Brixham Wall combine sculptural forms with materials engineered to resist salt-laden air and moisture, delivering lasting performance in exposed environments. New Finishes: Terracotta Concrete – Charcoal Concrete – White Concrete

Ava Coastal

The Ava Coastal family is extended with a sophisticated new PVD Brushed Gunmetal finish. Available across Ava 200 Coastal and Ava 300 Coastal, PVD technology ensures exceptional hardness and resistance to corrosion, wear and discolouration in exposed environments. Also available in Brushed Stainless Steel.
